OUR STORY

A Ghanaian home for edible oil and everyday essentials.

Philbro Oil Enterprise was founded on 13 March 2009 in Oyarifa, Accra by Mr. Philip Kwame Brobbey. The company began from a single processing unit committed to producing vegetable cooking oil for Ghanaian households.

Formal registration followed on 15 June 2015 under registration number BN00GNL2015. Today the company manufactures refined cooking oil, palm and palm kernel oils, specialty fats, rice, pasta, and personal-care essentials under Philfry, PB, Arielle, Arie, and JP labels.

Real Philfry production stock prepared for trade channels.

VISION & MISSION

Building Ghana's agro-industrial capacity from farm to finished pack.

Vision

To become Africa's leading sustainable producer and exporter of premium vegetable cooking oil, positioning Ghana as a world-class agro-industrial hub that drives food security, rural prosperity, and green industrial growth.

Mission

To cultivate, process, refine, and deliver high-quality vegetable cooking oil through an integrated, solar-powered value chain: reducing import dependence, expanding exports, empowering smallholder farmers, and creating lasting community opportunity.

Quality

International food safety discipline in every batch.

Sustainability

A planned solar-powered manufacturing footprint.

Integrity

Transparent and ethical business practice.

Community

Growth tied to farmer and local prosperity.

Innovation

Continuous investment in better processes.

Discipline

Premium presentation backed by operational rigour.

PRODUCTS

Consumer brands, trade packs, and industrial supply.

PRIVATE LABEL & CONTRACT PACKAGING

Packed Philfry cartons and jerry cans support distributor movement.

Philbro Oil serves household buyers, distributors, foodservice operators, institutions, bulk buyers, and export partners through a portfolio that can scale from retail packs to industrial supply formats.

BUSINESS SECTORS

Five operating pillars designed as one value chain.

Oil Processing & Refining

Planned 10 TPH screw oil mill and refinery at Kyekyerew for refined palm oil and palm kernel oil.

Packaging Manufacturing

Planned in-house HDPE blow-moulding for food-grade bottles and jerry cans.

Agricultural Value Chain

20,000+ smallholder farmer partners with guaranteed market access and extension support.

Export & Trade

ECOWAS and AfCFTA-ready Ghana-origin supply for packaged, bulk, and private-label buyers.

Renewable Energy

Planned 1 MW solar system supporting 24-hour lower-carbon industrial production.

KYEKYEREW EXPANSION

Phase 2 refinery, packaging, and renewable energy on one site.

- Planned 10 TPH oil mill and refinery.
- Planned in-house HDPE blow-moulding line.
- Planned 1 MW solar power system for lower-carbon production.
- Targeted 350 direct jobs when full operations commence.
- Operational figures remain projected until commissioning and independent verification.

Kyekyerew construction progress footage still.

IMPACT MODEL

Rural prosperity and food security are part of the supply chain.

- 20,000+ smallholder farmer partners across Ghana's oil palm belt.
- Guaranteed offtake and fair farmgate pricing.
- Agricultural extension and best-practice support.
- Local refining substitutes imported oil and stabilises domestic supply.
- Carbon and job-impact figures should be published after verified measurement.

2009 → 2028

Sixteen years building a Ghanaian agro-industrial company.

- 2009** Founded in Oyarifa, Accra by Mr. Philip Kwame Brobbey.
- 2015** Formally registered with the Companies Registry of Ghana.
- 2023** Farmer network reaches more than 20,000 smallholder partners.
- 2026** Kyekyerew refinery construction begins for Phase 2 expansion.
- 2028** Planned full operations, 350 direct jobs, and export readiness.

"From a small factory in Oyarifa to a continental export brand — Philbro Oil is Made in Ghana, Built for Africa."

TRADE & EXPORT DESK

Built for distributors, institutions, processors, and export buyers.

- Head Office: HNO. F/23, Ako Adjei Street, Osu, Accra.
- Existing Plant: 23 Factory Road, Oyarifa, Accra.
- New Facility: 24 Factory Road, Kyekyerew, Eastern Region.
- Phone: +233 24 740 5695 / +233 26 170 6226.
- Email: philipbrobbey@gmail.com.
